As a highly experienced LAMP developer with over 5 years of industry exposure, I have honed my skills in utilizing cutting-edge technologies and programming languages.

My expertise in the field is demonstrated by my past role as a backend team lead for HNG-i5, as well as my successful freelancing projects on Fiverr and Upwork. I have also been consistently recognized for my abilities and have been promoted by previous employers.

I am a dedicated business and web3 enthusiast who strives to stay up-to-date with the latest advancements in my field.

My primary focus is on Backend Development, though I am also well-versed in Frontend and DevOps.

I am always eager to take on new challenges and continuously improve my skills.
