PROFESSIONAL PROFILE

I am a highly motivated and detail oriented software developer looking to obtain an entry-level role as a backend developer. I have a passion for building robust and secure backend systems. Excited to collaborate with the team, expand knowledge, and drive innovation in digital publishing.

EMPLOYMENT HISTORY

Padding | Backend Developer and Quality Assurance Engineer Jan. 2024 – Dec. 2024 Nigeria

- Designed, developed, and maintained scalable and efficient backend APIs using Laravel framework.
- Implement database schema and migrations using Eloquent ORM and MySQL.
- Developed RESTful APIs for data exchange between frontend and backend systems.
- Deployed applications on Cpanel.
- Proficient in Laravel framework (versions 9.x, 10.x, 11.x).
- Familiarity with caravel’s built-in features such as authentication.
- Collaborated with cross-functional teams to identify and resolve defects, improving overall application quality.
- Developed technical development for testing processes and test cases

Glitex | Backend Developer Oct 2024 – Dec. 2024 Nigeria

- Designed, developed, and maintained scalable and efficient backend APIs using Python Django framework.
- Implement database schema and migrations using MySQL.

Freelance | Full Stack Developer June 2024 – Sept. 2024 Nigeria

- Designed, developed, and maintained scalable and efficient backend APIs using Laravel and Code Igniter framework.
- Implement database schema and migrations using Eloquent ORM and MySQL.
- Worked with HTML, CSS and JavaScript to create beautiful pages.
- Fixed defects and maintained a live website.
