- **Programming Languages:** HTML, CSS, JavaScript, TypeScript
- **Frameworks & Libraries:** Vue.js, Next.js, React.js, jQuery, JavaScript frameworks
- **Tools & Repositories:** Version Control Systems, e.g., Git, Code repositories
- **APIs & Integration:** RESTful APIs, Application Programming, Asynchronous Request Handling, Interface, API
- **Design & UX:** User Experience Design, UX

WORK EXPERIENCE

Green Mouse Technologies

Nov 2022 - May 2025

Front End Developer

Lagos

- Collaborated with cross-functional teams and UX designers to develop innovative user interfaces for web-based applications, ensuring a user-centric design approach.
- Developed clean, maintainable, and efficient code using HTML, CSS, JavaScript, Vue.js, and React.js to create scalable, modular front-end components.
- Integrated frontend components with robust backend infrastructure to deliver comprehensive solutions across platforms.
- Engaged with backend developers and product managers to refine designs throughout the development process and ensure seamless integration.
- Identified and optimized performance bottlenecks, consistently enhancing the efficiency and responsiveness of web applications.
- Executed rigorous testing and debugging of front-end components to uphold a flawless and user-focused experience.

Cloudenly

Jun 2021 - Present

Front End Developer

Lagos

- Designed and built dynamic user interfaces using Vue.js, leveraging its reactive data binding and component-based architecture to create innovative digital experiences.
- Tested features and functionalities post-deployment to ensure adherence to high UX and design standards.
- Maintained high code quality through comprehensive code reviews and the implementation of best practices, contributing to scalable and modular front-end architectures.
- Collaborated actively with back-end developers, UX/UI designers, and cross-functional teams to integrate front-end and back-end components seamlessly.

Nov 2018 - Jun 2021

Freelance Web Developer

Enugu

- Built different web applications for different organizations ranging from schools and local business using React, Ajax and PHP.

BotSolutions Limited

Sep 2016 - Oct 2018

Full Stack Web Developer

Owerri

- Developed robust and well-documented APIs that facilitated seamless communication between the front-end and back-end.
- Implemented responsive design principles, ensuring a consistent and user-friendly experience across various devices and screen sizes.
- Collaborated closely with UI/UX designers, back-end developers, and other stakeholders to ensure seamless integration of front-end and back-end components of client's projects

EDUCATION

Federal University of Technology

2017

Bachelor of Technology, Computer Science

COURSE

- **React Using TypeScript:** LinkedIn / Aug 2023
