Web Developer | Software Engineer

Highly skilled Web Developer with 2+ years of experience building dynamic, responsive, and scalable web applications. Passionate about leveraging modern technologies to create seamless user experiences. Strong problem-solving skills, an insatiable curiosity for new technologies, and a deep passion for learning. Currently expanding knowledge in Machine Learning, Artificial Intelligence, and Computer Science through Khan Academy and Harvard's CS50 program.

Technical Skills

- **Frontend:** HTML5, CSS3, JavaScript, jQuery, React.js, NextJS, ReactNative
 - **Backend & Databases:** Node.js, Python (Data Analysis), MongoDB, MySQL
 - **Version Control & Tools:** Git, GitHub, VS Code, REST APIs
 - **Additional Skills:** Agile Development, Responsive Design, Performance Optimization
-

Professional Experience

Freelance Web Developer

Self-Employed – Remote | 2023 – Present

- Designed and developed custom websites and web applications for various clients.
 - Built interactive user interfaces with React.js and optimized applications for scalability.
 - Integrated third-party APIs, improved SEO strategies, and enhanced site performance.
 - Maintained and updated GitHub repositories showcasing clean, efficient code.
-

Projects

Portfolio Website – github.com/Wh1zd3m/portfolio

- Designed and developed a responsive portfolio site showcasing skills, projects, and experience.
- Integrated animations, smooth navigation, and performance optimizations.

Data Analysis with Python

- Conducted data analysis using Python, Pandas, and NumPy to extract valuable insights.
 - Visualized trends using Matplotlib and Seaborn for enhanced data interpretation.
-

Education & Certifications

- **CS50: Introduction to Computer Science** – Harvard University (Ongoing)
 - **Machine Learning & AI** – Khan Academy (Ongoing)
-

Soft Skills

- Strong analytical and problem-solving abilities
 - Excellent teamwork and communication skills
 - Passion for continuous learning and exploration
 - Ability to adapt to new technologies quickly
-

Let's Connect!

Open to exciting opportunities in web development, software engineering, and AI-driven applications. Feel free to reach out to discuss how I can contribute to your team!
