## FULL STACK SOFTWARE ENGINEER

### SUMMARY

Lead Back-End Engineer with a pivotal role in enhancing web application scalability and performance. Leadership in a key project resulted in a notable 25% rise in user engagement, demonstrating the capability to drive team success and achieve significant outcomes. Efforts in API development have been crucial for improving system efficiency, thereby elevating application performance.

Spearheaded database optimizations, achieving a notable 30% boost in response times, and played a key role in implementing security protocols that increased compliance by 50%.

### Professional Experience:

#### Crestbeam Nigeria Limited, Mobile Developer (August 2025 – Present)

- ◆ Deployed and managed multiple fintech mobile apps on Google Play Store and Apple Store for Crestbeam Nigeria Limited, achieving 100% compliance with store policies and enabling seamless access to loan services for over 1000+ users.
- ◆ Coordinated cross-functional collaboration with offshore developers and third-party providers, successfully delivering core fintech features such as loan workflows, BVN logins and Paystack Integration, which improved repayment success rates by 40%.
- ◆ Bridged business and technical teams by translating product requirements into development tasks, reducing implementation delays and ensuring 90% on-time feature releases.
- ◆ Conducted competitor and market research in the digital lending space, identifying product gaps and driving the rollout of 2 innovative features that enhanced customer experience and boosted app adoption.
- ◆ Provided technical support and troubleshooting for mobile and web platforms, resolving critical deployment and integration issues, which reduced downtime by 35% and improved overall system reliability.

#### AtGlobal Marketing Limited, Full Stack Web Developer | Business Development Officer (September 2024 – July 2025)

- ◆ Architecting and Developing a full-featured e-commerce platform for EK-Hub Speakers, an online store specializing in subwoofers, sound-bar, bass speakers, smart speakers and Bookshelf speakers driving a 25% increase in customer engagement within the first month.

- ◆ Leveraged Python and Flask to build scalable, secure backend infrastructure, implementing a seamless checkout experience, secure payment integration and user-friendly navigation to improve conversion rates.
- ◆ Responsible for ongoing website maintenance, providing regular updates, system improvements, and security enhancements to support continuous growth and high performance
- ◆ Developed new sales strategies to target untapped markets, resulting in increased revenue generation.
- ◆ Established and maintained highly effective relationships with clients and industry partners to drive growth.

## Ultimate Innovations UK Limited, ISO Coordinator (August 2023 - January 2024)

- Investigated locations to confirm license data, conducted background checks and assessed premises for compliance with licensing requirements.
- Collected detailed notes on investigations and other communication to adhere to legal requirements and enhance recordkeeping.
- Developed and implemented corrective action plans for non-compliance issues.
- Determined licensing eligibility by examining test results and comparing against established structures.
- Creating and maintaining comprehensive information security policies and procedures aligned with ISO 27001 requirements.

## Beaconade Network Limited, Beyond ICE 3 Installer (April 2023 - July 2023)

- Performed complex mechanical alignments and equipment calibration to meet quality standards.
- Organized work to meet demanding production goals.
- Observed equipment operation to diagnose and troubleshoot reported issues.
- Applied critical thinking and research to address complex issues.
- Mentored junior technicians in maintenance, repair and reporting duties.
- Maintained compliance with regulatory standards and safety requirements.
- Wrote and revised maintenance procedures.

## YIN Consult, ISO Internal Auditor (March 2022 - March 2023)

- Planned and executed ISO engagements under direction of management team.

### ResuGlow (August 2024 - September 2024)

- Led a team of 5 developers to design and implement feature enhancements, achieving a 25% increase in user engagement. Managed project timelines and tasks, delivering the project on schedule and under budget.

## CERTIFICATION:

### ISO 9001 QMS Implementation (March 2023)

- YIN Consult

### Discharge Certificate (March 2023)

- National Youth Service Corps

## EDUCATION:

### Moat Academy for Developers (February 2024 - May 2024)

- Graduate Certificate in Web Application Development.

Ecole Suprieure Des Technologie Et De Gestion, Agla Bp 397 Fidrosse Benin Republic  
(September 2018 - January 2022)

- Bachelor in Computer System And Software

Marybene Schools, Lagos Nigeria (September 2007 - June 2018)

- Science Department

## SKILL:

### TechnicalSkills:

- Programming Languages: Python
- Web Technologies: HTML5, CSS3, JavaScript, jQuery
- Front-end Development: React.js
- Database Management: MySQL, SQLite, Posgresql
- Web Services & APIs: RESTful API
- Development Methodologies: Agile (Scrum, Kanban)
- Version Control: Git

### SOFT SKILL:

- Communication: Proficient in articulating technical concepts across diverse audiences, ensuring clear understanding among stakeholders, team members, and clients.
- Collaboration: Improved work in team settings, contributing to project successes.
- Strong capability in identifying and resolving complex technical issues with efficient solutions.

### OTHER SKILLS:

- Leadership: Directed and managed project teams, ensuring successful project deliveries within set deadlines.
- Project Management: Proficient in Agile methodologies, including Scrum and Kanban, to enhance team productivity and manage project workflows.
- Strategic Planning: Expertise in setting project goals, allocating resources, and adjusting project scopes based on changing requirements.
